Permissions

Field Trips

I hereby give permission for my child _____ to participate in both walks in the local neighborhood and planned field trips by Mittineague Children's Center. I understand that individual permission slips, giving information about the date, destination, time and method of transportation, will be handed out prior to each trip and parents/guardians will be asked to give signed permission for the designated trip. Further, if my child will be absent from the program on the designated day I will notify the Center by 9:00am.

Photographs

I hereby give permission for my child _____ to be included in photographs taken at the Center or during any official function of the Center. Although most photographs are used for classroom purposes, the children's center website and the children's center Facebook page, I understand that the center will notify me if in advance a picture is to be published, and I will be asked to give specific permission for such use.

Student Teachers/Observers

Occasionally, the Center may be asked to allow student teachers and observers to visit our Center as part of their educational courses. If this does occur, the Center will obtain an official letter/request from the college and post a notice in the selected classroom for your information. These students will never be alone with any enrolled child, but always under the supervision of your child's teacher.
